

# World Maths Day

In recognition and in support of World Maths Day, The primary team are arranging a special activity day for all the students. On *Wednesday March 5th*, the children will participate in math challenges and investigations. Working in multi-age groups the children will rotate around to different activities.

## Can you help?

To make this day run as smoothly as possible we are seeking about 6 interested parents to join our team and help run an activity.

Please see Narelle in P1/2 or your child's teacher if you are able to help.

PS. (You don't need to be a math wiz to be of any help, we just need eager and enthusiastic volunteers!)
