

The Primary Years Programme

A curriculum framework for international primary education.

The Curriculum Corner

P 5 Assembly.

P5 have been investigating waste matters in their latest unit of inquiry. Thanks to Mr. Holt and the P5 students we surely learnt a lot about what can happen to our environment if we continue to pollute it with all types of waste matter. Now we know what we can do to ensure that Moshi remains pollution free.

Thank You

As this is the final contribution for the year, I would like to take this opportunity to thank our parents and students for their support and contribution to Making the Primary Years Programme Happen in our school. It has been an interesting and challenging first year at ISM and I would like to particularly thank Mrs. Slocombe, David, Narelle, Ray and all our teaching assistants for their hard work and on going commitment to developing " *Life long learners in a global community*".

I look forward to working together with all of you in the new school year, particularly with a staff dedicated to developing and maintaining quality learning experiences in the Primary School.

Farewell

On a more somber note I would like to acknowledge Mrs. Slocombe our Head of Primary who we will bid farewell at the end of this term, for all her hard work involved in the implementation and authorization of the IBPYP at our school.

Her commitment, dedication and determination along with the major contribution of previous staff members under the guidance of former PYP coordinators Angela Harvey and Sarah Hopkins helped gain authorization in November 2006. I would like to congratulate and thank her for her leadership and determination to ensure the quality of the programme through the various challenges experienced when implementing a new programme which included working with a totally new staff this year.

We wish her and her family all the best for the future in her new appointment. Thank you, Asante sana !

The challenge for the current staff will be to see it through to the next stage which is evaluation in 2010/2011.

Please come and join us for our final primary assembly on Friday 6th June at 7.40am

PYP Exhibition

We wish the P6 students all the best in their presentation on Wednesday for Exhibition. Come and join us to celebrate learning at ISM. Details are posted around the school.
